How will Bursaries be awarded?

IT Sligo have six bursaries to be awarded. As it is expected that the number of applications will exceed the number of bursaries available, priority will be given to the eligible applicants who can provide evidence of membership of more than one of the categories listed, the significance and impact of the socio-economic disadvantage and the barriers experienced.

The awarding of the bursary will be dependent on the acceptance of an offer for an IT Sligo Programme and the confirmation of eligibility for SUSI Special Rate grant or DSP means tested social welfare payment (self).

The lead institution may terminate a bursary at any time, where the bursary holder no longer meets the terms and conditions of the bursary fund.

Please note: Students are not entitled to receive the 1916 Bursary in conjunction with any other bursary, scholarship or award. If a student has already been awarded a scholarship, he/she may still apply for this 1916 Bursary but if successful will forfeit the value of the lesser scholarship. Students may however hold the 1916 Bursary and the student grant simultaneously, where they meet the eligibility criteria of the student grant scheme. The 1916 Bursary will be an income disregard for the purposes of 'reckonable income' in the student grant scheme. 1916 Bursary holders can also apply for the Student Assistance Fund (SAF) and the Fund for Students with Disabilities (FSD). The 1916 Bursary will also be an income disregard for the purposes of means tested social welfare payments or BTEA entitlement and will have no impact on the individual's DSP social welfare payment.
